NOTICE OF NCAA PROBATION

From 2007 to 2010 the University of Nebraska unintentionally reimbursed student-athletes for recommended textbooks as well as required textbooks through a failure to properly administer and monitor book scholarships. Only reimbursement for required books is permissible under NCAA rules. As a result, the NCAA placed the University of Nebraska on two-year probation, beginning in January of 2012. The NCAA did not impose additional penalties such as loss of scholarships, forfeiture of games, or a ban on postseason play. Rather, as a condition of probation, Nebraska will continue to educate student-athletes and staff thoroughly on NCAA bylaws and will notify prospective student-athletes of its probationary status.

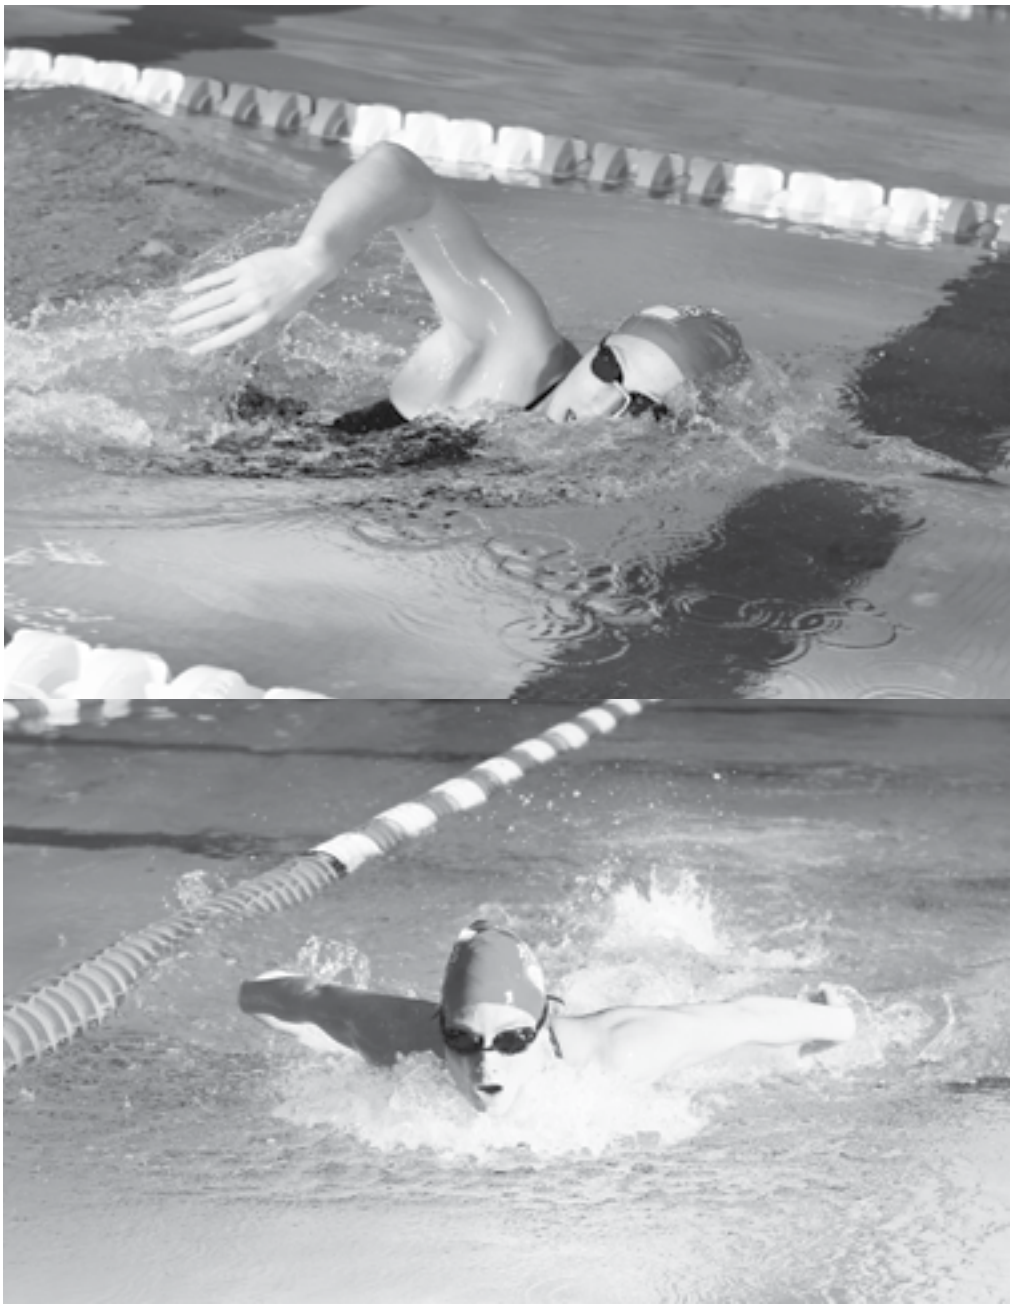
THIS IS NEBRASKA

Nebraska women's swimming and diving has a long history of success. The Huskers have finished in the top 12 at the NCAA Championships five times since 1995, producing 11 Olympians, including gold medalist and world-record holder Penny Heyns.

In addition to individual success, Nebraska swimming and diving has claimed 10 conference team championships. The 2012-13 squad set eight school records at the 2013 Big Ten Championships, saving its best team performance for the biggest stage.

Success in the pool is just part of Nebraska's success story. Coached by Olympic Gold Medalist and Academic All-America Hall of Fame inductee Pablo Morales, the Huskers have annually been one of the top academic teams in the nation. Over the past several years, nearly every member of the team earned an academic honor from the conference. The Huskers also captured Nebraska's Life Skills Award as the most committed team to NU's nationally renowned Life Skills program in 2010, 2012 and 2013.

In athletics, academics and in life, There Is No Place Like Nebraska.



Top: Taryn Collura, a junior at Nebraska in 2013-14, swam a school-record 22.42 in the 50-yard freestyle at the 2013 Big Ten Championships. With her time, Collura qualified for the NCAA Championships, where she competed in both the 50- and 100-yard freestyles.

Middle: Shannon Guy holds Nebraska's school record in the 100-yard butterfly, swimming a time of 53.23 at the 2013 Big Ten Championships. A senior at Nebraska in 2013-14, Guy also competed in the 2012 U.S. Olympic Trials at the CenturyLink Center in Omaha.

Left: One of the most decorated swimmers in U.S. history, Nebraska Coach Pablo Morales was an 11-time NCAA champion at Stanford, and won five combined medals at the 1984 and 1992 Olympic Games, including three golds and a pair of silvers. Morales also served on the committee for the 2008 U.S. Olympic Swimming Trials, which were held in Omaha.

SWIMMING

Nebraska swimming and diving utilizes top-notch facilities. Nearly every Husker sport enjoys a venue that ranks among the nation's best. Nebraska is dedicated to providing its athletes the best game-day and practice atmospheres in every sport.

Movement analyzers, an electronic timing system and updated weight facilities make the Devaney Natatorium (bottom) a leader in technology. The Huskers have also received a new locker room and team ready room.

The state of Nebraska has also been an important stop for swimmers on their way to Olympic glory for the past decade. In 2008 and 2012, Omaha's CenturyLink Center (left) served as the home of the U.S. Olympic Trials, and the venue was selected to host the event again in 2016.

CHAMPIONSHIP FACILITIES

Nebraska's top facilities are not limited to the swimming and diving program. Nearly every Husker sport enjoys a venue that ranks among the nation's best. Nebraska provides its student-athletes top-notch game-day and practice atmospheres in every sport. In 2013-14, the Nebraska men's and women's basketball team move into the new Pinnacle Bank Arena in downtown Lincoln. The 15,200-seat arena will be the new home of both teams while also attracting the nation's top entertainers to Lincoln throughout the year. The nationally prominent Nebraska volleyball team moved into the Devaney Center for the first time in 2013, after the building received a $20 million renovation.

The baseball, softball, men's and women's basketball, volleyball and wrestling programs have all benefitted from new practice facilities within the last two seasons.

Top left: Memorial Stadium entered 2013 with a nation-leading 325 consecutive sellouts.

Middle: Nebraska's teams compete in some of the nation's finest facilities in front of large crowds. The Huskers are also committed to improving their facilities on an annual basis, including the new Hendricks Training Complex, which opened in the fall of 2011, and Pinnacle Bank Arena (top right) is set to open in 2013-14 for Nebraska men's and women's basketball. Memorial Stadium expanded by more than 5,000 seats for 2013, while adding an innovative academic/athletic research wing in the East Stadium.

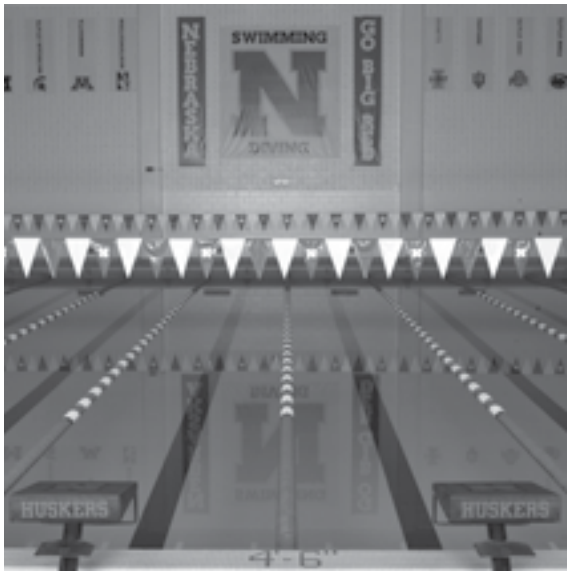
Bottom left: Hawks Field at Haymarket Park provides the Huskers with the finest baseball stadium in the Big Ten Conference. Nebraska shares its home ballpark with the Lincoln Saltdogs, an independent minor league team.

Bottom (left and right): The Osborne Athletic Complex provides Nebraska student-athletes with top-notch training facilities. The main entrance to the Osborne Athletic Complex and Traditions Lobby features an impressive waterfall and a wall that honors those who contributed to the massive project, as well as memorabilia and trophies from all of Nebraska's bowl games.

HUSKER POWER

The model strength and conditioning program in the nation, Husker Power plays a major role in the continuing success of Nebraska athletics. Nebraska's strength program was the first in the nation. With 13 staff members, including Devaney Center Strength Coach Rusty Ruffcorn, it is one of the most comprehensive strength and conditioning organizations in the nation.

Nebraska's strength training facilities have set the standard in collegiate strength training since the early 1970s. Not only does it feature the Ndamukong Suh Strength and Conditioning Center in the Osborne Athletic Complex, it also features a weight room utilized by the swimming and diving team in the new Hendricks Training Complex that opened in 2011.



"The University of Nebraska strength and development program is the model for others in the country."

Phillip Hage, Editor,
Physician and Sports
Medicine Magazine

THREE REASONS FOR SUCCESS

Program - The Husker Power Strength and Conditioning Program is geared for maximum improvement of performance in the pool. Each athlete receives their own individual computerized program each year.

Supervision - The Husker Power staff has nine full-time strength and conditioning specialists and four interns. Devaney Center Strength Coach Rusty Ruffcorn works directly with the swimming and diving program to help Husker athletes prepare for successful athletic careers.

Facilities - The Ndamukong Suh Strength and Conditioning Center in the Osborne Athletic Complex is the finest all-around athletic facility in the nation, providing athletes with all the tools necessary to achieve at the highest level.

ATHLETIC MEDICINE

Providing expert care to more than 600 Husker student-athletes, Nebraska features one of the most well-trained and highly skilled athletic medicine staffs in the country.

Under the guidance of Director of Athletic Medicine Dr. Lonnie Albers and Head Athletic Trainer and Physical Therapist Jerry Weber, the 2013-14 Nebraska athletic medicine staff consists of five doctors, 11 athletic trainers and six graduate assistant athletic trainers.

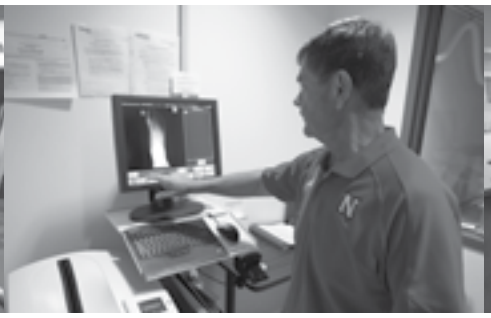
Nebraska's team of orthopaedists is led by Chief of Staff Dr. Pat Clare, a nationally respected orthopaedic surgeon with more than 30 years of service to Husker athletics.

Above: Assistant Athletic Director and Director of Athletic Medicine Dr. Lonnie Albers coordinates the care of Husker student-athletes by using some of the best on-site technology in collegiate athletics.

The Athletic Medicine Center features a hydrotherapy area that includes a three-level laned pool, which allows student-athletes across all of Nebraska's sports to work out simultaneously. The Hydroworx 1000 Treadmill Pool is equipped with two cameras underwater for evaluation and assessment, while hot and cold plunge tanks are also available to the Huskers.

The medical facilities at Nebraska have long been among the nation's best, and NU's athletic medicine center within the Tom and Nancy Osborne Athletic Complex will keep the Huskers on the front line of technology for decades to come. In addition to Nebraska's North Stadium facility, the Bob Devaney Sports Center, Haymarket Park and Pinnacle Bank Arena all feature athletic medicine areas. The Devaney Center's Athletic Medicine facility underwent an extensive expansion as part of the Hendricks Training Complex addition in 2011.

Using the best on-site medical equipment and resources in college athletics, the Nebraska athletic medicine staff provides Husker student-athletes with highly skilled medical care throughout the year.



NUTRITION

Nebraska's Sports Nutritionist Lindsey Remmers works with all 24 of Nebraska's sports by educating athletes on topics such as increasing lean body mass, losing body fat, staying hydrated, nutritional strategies for competition, maximizing recovery following workouts and supplement use. Athletes are given individualized nutrition plans that can be applied in Nebraska's Performance Buffet at the Lewis Training Table, which was remodeled and expanded in the 2010 season. In addition to utilizing the Lewis Training Table each day for lunch and dinner, student-athletes also have access to fueling stations near strength and conditioning areas to provide fluids and nutritional foods before and after workouts to maximize performance and recovery.

ACADEMIC SUCCESS

The success of Nebraska student-athletes reaches far beyond athletic competition. More Husker student-athletes have been selected to CoSIDA Academic All-America teams (307) than any other school in the nation, and Nebraska has produced more NCAA Top Ten Award winners (16) than any other school. As it enters its third season of Big Ten Conference competition in 2013-14, Nebraska continues to set the standard for the approximately 1,400 NCAA member institutions.

The Husker football team leads all individual sport programs in the nation with 104 all-time CoSIDA Academic All-America awards. The Notre Dame football program ranks second among all sports nationally with 58 all-time academic All-Americans. In fact, Nebraska's 104 football academic All-Americans would rank among the top 25 schools (all sports, all divisions) in the nation in the number of total CoSIDA Academic All-Americans. The NU volleyball program has captured more academic All-America awards (37) than any other women's team in the nation, while the Husker softball program ranks second on that list with 29 selections. Nebraska also ranks among the top 10 schools in the nation in CoSIDA Academic All-Americans in baseball, women's basketball and men's and women's track and field/cross country. Over the past two years, the men's and women's track and field programs have produced 10 CoSIDA Academic All-Americans - the most in the nation during that span.

HUSKERS BUILD ON ACADEMIC TRADITION IN 2012-13

Husker student-athletes produced another outstanding year in 2012-13, continuing NU's tradition of academic success. The Huskers added eight CoSIDA Academic All-Americans to their nation-leading total (307) to become the first school in history to reach 300 academic All-Americans. Nebraska's eight academic All-Americans led the Big Ten Conference and ranked among the highest totals in the nation across all divisions. NU maintained its lead of 76 all-time CoSIDA Academic All-Americans over No. 2 Notre Dame. Since 2000, Nebraska has amassed a nation-leading 117 CoSIDA Academic All-Americans, which would rank in a tie for 13th over the more than 60 years of the academic All-America program. Nebraska has produced at least one academic All-American in 42 consecutive seasons.

Academic All-Americans

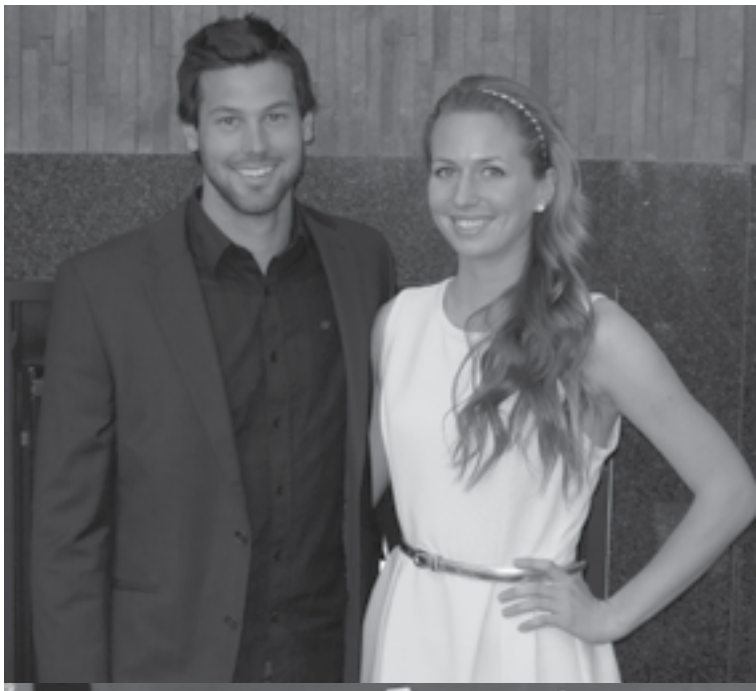
Senior I-back Rex Burkhead captured first-team academic All-America honors for the second straight season, while senior linebacker Sean Fisher earned second-team honors for the second straight year. Fisher added a prestigious NCAA Postgraduate Scholarship.

While Burkhead and Fisher became the 25th and 26th two-time academic All-Americans in the history of the Husker football program, senior track and field student-athlete Bjorn Barrefors became the first four-time CoSIDA Academic All-American in school history. A six-time All-American as a multi-eventer, Barrefors was Nebraska's Male Student-Athlete of the Year and claimed an NCAA Postgraduate Scholarship. He was joined by 10-time All-American Mara Griva and Morgan Wilken in giving the track team a trio of academic All-Americans. All-America wrestler Josh Ihnen added his second straight academic All-America award, while eight-time gymnastics All-American Emily Wong captured the first academic All-America award of her career.



Top: Nebraska Student-Athletes of the Year Bjorn Barrefors (left) of the track and field team and Mary Weatherholt (right) from the Husker women's tennis team earned multiple All-America awards in competition while leading two of Nebraska's strongest academic programs. Barrefors was an All-America multi-event competitor who became NU's first four-time CoSIDA Academic All-American. Weatherholt was the first Husker to earn All-America honors in both singles and doubles in 2013.

Bottom: A standout in the pool, in the classroom and in the community for four seasons at Nebraska, Kelsey Larson earned her bachelor's degree in May of 2013. A biochemistry major, Larson was a three-time academic all-conference selection. The California native was also one of NU's most dedicated student-athletes in the community, claiming Nebraska's top Life Skills honor - the Heart & Soul Award - in 2013. She also produced 51 top-five finishes in the pool during her four-year career.

Gina Mancuso added a first-team CoSIDA Academic All-America award to the Husker volleyball team's nation-leading total of 37, while helping the Huskers to an NCAA Elite Eight appearance on the court.

Senior Mary Weatherholt also capped the most brilliant career on and off the court in Nebraska women's tennis history. NU's Female Student-Athlete of the Year earned All-America honors in both singles and doubles, while finishing as the runner-up at the NCAA Singles Championship. THE NEBRASKA ACADEMIC EXPERIENCE

From the day student-athletes decide the University of Nebraska is the right place to be, the athletic academic counseling unit provides personal and academic support to ensure that student-athletes will get the most out of their years as Huskers. Featuring one of the most innovative and comprehensive academic support systems in the country, Nebraska is dedicated to helping its student-athletes become outstanding leaders in their chosen fields. The academic support team is comprised of 13 full-time staff members and a tutorial staff of approximately 75 tutors addressing all subject areas.

ACADEMIC COUNSELING

Eight academic counselors and three assistant academic counselors are in place to monitor daily academic progress, receive consistent course feedback, assist with the advising/registration process and monitor continuing eligibility and progress toward graduation. Essentially, academic counselors assist student-athletes in navigating the University of Nebraska system.

TUTORIAL SUPPORT

A tremendous resource for all academic abilities, unlimited tutorial support is available from day one up to college graduation. Subject and mentor tutors help provide academic support and study strategies to be successful. Supplemental Instruction, a sub-component of the tutorial program, provides targeted group review sessions to help ease the transition to college academics while improving study strategies and building academic self-esteem.

STUDY HALL

Nebraska's study hall program is housed in the D.J. Sokol Enrichment Center within the Dick and Peg Herman Family Student Life Complex. Student-athletes attend a supervised, flex-time study hall that features day, evening and weekend hours. Each student-athlete is required to complete a specific number of study hours each week as determined by their academic counselor and/or coach. In addition, weekly study hall reports are provided to the coaching staff. Additional performance-based or tutor-based study hall may also be determined by the academic counselor.

The Dick and Peg Herman Family Student Life Complex was completed in the fall of 2010. The extensive expansion and renovations tripled the size of Nebraska's previous space devoted to student-athletes. The Student Life Complex also features a new technology center and a dedicated Life Skills area. The area gives Husker student-athletes all the tools they need to grow and succeed in the classroom and in the community.

MENTORING

Many student-athletes meet with a mentor on a weekly basis to assist in making a smooth transition from high school to college. Mentors collect syllabi, gather and report academic progress information and teach academic success strategies.

EDUCATIONAL ASSESSMENTS

Assessments are administered upon the request of the student-athlete, academic counselor, or coach to determine student strengths and areas for improvement. Results allow academic counselors to develop a personalized academic support program and to determine if more in-depth testing is warranted. When additional assessments are necessary, referrals are made to a consulting psychologist who conducts the assessments. If it is determined that a student-athlete has a learning disability, appropriate accommodations are made through the Office of Services for Students with Disabilities.

STUDENT-ATHLETE ORIENTATION

The academic staff coordinates New Student-Athlete Orientation to help newcomers adjust to the multiple demands of being a college student-athlete. Presentations are made by academic counselors, compliance officials, NU faculty and administrators, business/community professionals and student-athletes.

PERSONAL COUNSELING

Student-athletes will find a supportive and caring environment at Nebraska. Transitional issues, stress management, time management, academic focus and problem resolution are all addressed in a proactive manner throughout the year. If necessary, counseling referrals are also made to designated practitioners.

COMPUTER RESOURCES

Student-athletes enjoy a new state-of-the art computer lab and technology center with 58 computers and professional supervision. Laptops are also available during team travel. Student-athletes have the benefit of ongoing education and assistance from a full-time computer technician.

One of Nebraska's most committed teams to outreach and community service, the Husker swimming and diving program has captured the Life Skills Team Award three of the past four seasons. The award is presented annually to the top men's and women's team at Nebraska that demonstrates the greatest overall commitment to the Huskers' award-winning Life Skills program. BIG TEN SWIMMING & DIVING CHAMPIONSHIPS

The 2014 Big Ten Championships will be held at the University Aquatic Center on the Minnesota campus. Opened in 1990, the Aquatic Center has played host to 12 Big Ten Championships, including the women's meet in 1991, 1996, 1999, 2004 and 2013. The facility was also the site of six NCAA Championships and will host the 2014 NCAA meet in March.

The Aquatic Center features a 50-meter competition pool that is eight lanes wide and eight feet deep. The separate diving well features a pair of one- and three-meter boards, as well as 1-, 5-, 7.5- and 10-meter platforms. It includes 1,346 permanent seats and 1,200 temporary bleachers. 2016 U.S. OLYMPIC TRIALS

The CenturyLink Center in Omaha played host to the 2008 and 2012 U.S. Olympic Swim Trials. The facility will also be the site of the 2016 U.S. Olympic Trials.

The state of Nebraska, the Midwest and the entire swimming community took a monumental step on June 28, 2005, when USA Swimming announced Omaha as the host city for the 2008 U.S. Olympic Swimming Trials. After the 2008 Trials proved to be a resounding success, as well as the subsequent 2012 Trials, officials from USA Swimming and the Omaha Sports Commission announced that the event would return to Omaha for the 2016 Olympic Trials.

"It came down to the fact that the setup in Omaha for the athletes and coaches is just the best out of all the candidate cities," said Mike Unger, USA Swimming assistant executive director. "We think we did a good job in 2008 and 2012, but we think our efforts in 2016 need to be ramped up. We already have a few surprises that we're not sharing yet, but I think the spectators, athletes, coaches and volunteers who are there are going to be impressed."

The 2008 Trials drew a record 160,003 fans over eight days and 15 sessions. Swimmers competing at the event set a total of nine world records and 21 American records.

The 2012 Trials, held June 25 to July 2, featured the installation of temporary indoor pools in the CenturyLink Center. Two 50-meter pools were installed in the 18,300-seat arena, reducing capacity to approximately 14,000.

Current Huskers Bailey Pons and Shannon Guy were among the participants in 2012, making the short trip from Lincoln to Omaha to represent Club Huskers. Pons competed in the 400-meter freestyle, while Guy showed her talents in the 100-meter butterfly.

The CenturyLink Center has served as a home away from home for Husker athletics the past several years. The NU volleyball team has played at the facility numerous times, including the 2006 NCAA Championships, when the Huskers won their third national title. Nebraska also hosted the Big 12 Wrestling Championships at the CenturyLink Center and the men's basketball team played there in a game against Oregon in 2007.

In December of 2012, the NCAA Volleyball Championships returned to Omaha, welcoming the Husker volleyball team back, where they lost in the quarterfinals to eventual national runner-up Oregon.

2013-14 NEBRASKA SEASON PREVIEW

The 2013-14 Nebraska swimming and diving team plunges into a new season looking to build off the momentum and record-breaking explosion from a season ago. The Huskers finished 2012-13 with a school-record 12 victories, setting eight school records at the 2013 Big Ten Championships.

Although Nebraska graduated several standout performers last season, the 2013-14 squad features two individual school-record holders and contributors to four school-record relay times. The Huskers also return nine swimmers who finished in the top 24 at the 2013 Big Ten Championships, helping Nebraska more than double its 2012 team total.

With such a fantastic group of returners, and the entire program on what Head Coach Pablo Morales called an upswing, he couldn't help but express his anticipation for this season.

"We're coming off a very successful season and we're very excited," Morales said. "The girls had a great offseason and are building on the attitude and excitement from last year. We have some exciting competitions, including facing Iowa, Illinois, Ohio State and Michigan, and we want to keep moving up the conference rankings."

In order to do that, Nebraska will need to rely on strong leadership in 2013-14. The squad returns eight seniors (Morgan Flannigan, Ashleigh Grammar, Shannon Guy, Payton Michaud, Bailey Pons, Kristin Strecker, Kaitlan Walker and Megan Ziemann), all of whom have spent at least four years with the program. According to Morales, they've been an integral part of the team's success, and he expects that to continue this season.

"Our senior group has probably gone through more monumental benchmarks in these last four years than anyone in program history," Morales said. "They were a part of the last year in the Big 12, the somewhat disappointing first year in the Big Ten and the upward movement in our program last season. It takes a strong group to be a part of such a change in the positive direction, and without their strength, commitment and character, we wouldn't have been able to turn things around the way we have."

In order to keep the momentum from last season, the program needs to continue to bring in athletes with the same ability to react to changes and overcome obstacles. Early on, Morales has already seen those characteristics from freshmen Julia Roller, Erin Oeltjen and Anna Filipcic, and he anticipates their ability to produce for the squad immediately.

"Julia, Erin and Anna are really fitting into our team dynamic," Morales said. "They're seeing how much we value our team bond, which I think was really instrumental in our progress last year, and they've fit in pretty seamlessly. Likewise, from a performance standpoint, we feel like they're displaying the right kind of focus and determination to step in and help us out right away."

Overall, the Huskers will need a combined effort from both the newcomers and experienced members of the team in order to find the same success they achieved last season.

The Nebraska sprint freestyle corps had a breakout season in 2012-13, setting school records in both sprint relay events at the 2013 Big Ten Championships. This season the squad will once again look to its sprint freestylers to set the tone early in dual meet competitions.

Taryn Collura, a qualifier for the 2013 NCAA Championships, will be looked to as the corps' leader in 2013-14. A junior, Collura is Nebraska's leading returner in the 50- and 100-yard freestyles.

"Taryn Collura was our highest performer last year, making it to the NCAA Championships and performing quite well," Morales said. "She had a great offseason, training and competing hard this summer. She's on a pretty steep trajectory, and we're looking forward to seeing her progress."

The squad will also look to sophomore standout Bria Deveaux to step up and produce in the sprint freestyle events. The Nassau, Bahamas, native trained hard this offseason, competing for the Bahamanian national team at the World University Games in Kazan, Russia.

In the mid- and long-distance freestyle events, Nebraska will be led by senior Bailey Pons. The 35-time individual event winner is the returning leader in the 200-, 500-, 1,000-, and 1,650-yard freestyle events for the Huskers.

"Bailey has had a wonderful career and a great summer," Morales said. "We're excited to see her move toward qualifying for the NCAA Championships."

Pons will be joined by fellow seniors Flannigan and Grammar on a veteran distance freestyle corps.

Rebekah Land is Nebraska's leading returner in both the 100- and 200-yard backstrokes. Along with senior Megan Ziemann, Land will be looked to for leadership in the backstroke events again this season.

Other key contributors in the backstroke this season will be Deveaux, Jacqueline Juffer and Erin Oeltjen. Oeltjen, one of the squad's talented freshmen, won the Nebraska high school state championship in the 100-yard backstroke three times at Millard West.

Shannon Guy is a returning leader for the Huskers in the butterfly events. A senior, Guy owns Nebraska's school record in the 100-yard butterfly and was a part of all four school-record relay teams at the 2013 Big Ten Championships. She enters 2013-14 with her eyes set on national success.

"Shannon Guy has been outstanding," Morales said. "She's a school record-holder and she has a chance to be even better than last year and make it to the NCAA Championships."

Deveaux, Collura, Ziemann, Melisa Mexia, and Natalie Morris will also contribute to the Husker butterfly corps. Morris, a junior in 2013-14, is Nebraska's leading returner in the 200-yard butterfly.

The Huskers will look to senior Kristin Strecker for leadership in the breaststroke events. Strecker is the squad's leading returner in the 100- and 200-yard breaststrokes after swimming career-best times in both events at the 2012 Iowa Invitational.

"Kristin Strecker made some great drops last year," Morales said. "That was as a junior, but she's a senior now and we can tell she's going to have a great season."

In the diving well, the Huskers are led by senior Payton Michaud, the returning leader in both the one- and three-meter dives. Michaud set a career best in the three meter last season and will be looking to end her fourth Husker season in style.

Senior Kaitlan Walker, returning from an injury that caused her to miss 2012-13, enters her fourth season as well. Walker hopes to return to her top form and be a leader for sophomore Nicole Schwery and freshman Anna Filipcic, who are trying to maximize their dynamic potential.

The Huskers open their third year in the Big Ten Conference with the annual Scarlet v. Cream Intrasquad meet on Sept. 26 at the Devaney Natatorium. Nearly a week and a half later, the squad will return to the pool for its other annual event, the Alumni Meet, held Oct. 5.

The Huskers begin regular-season action with a home dual against former conference foe Iowa State on Oct. 12. The squad will then travel to Fayetteville, Ark., on Oct. 26 to face Arkansas. The Huskers hold a 6-4 all-time series lead over the Razorbacks.

November will see Nebraska compete in three meets that each involve more than two teams. First, the Huskers will play host to Iowa and South Dakota State on Nov. 15 at the Devaney Natatorium. Then, Nov. 21-23, the Nebraska divers head to Columbia, Mo., to compete in the Mizzou Invitational.

The same weekend, Nov. 22-24, the Husker swimmers travel to Topeka, Kan., to compete in their second consecutive Kansas Classic. The squad took third place at the 2012-13 meet, finishing behind Notre Dame and Kansas.

Nebraska will begin December with a trip to Iowa City, Iowa, for the Hawkeye Invitational, Dec. 6-8. The squad closes out its fall competition schedule with dual meets at Northern Iowa and Nebraska-Omaha on Dec. 13 and 14, respectively.

After January's annual holiday training, the Huskers return to action for their final home meet of the season against Big Ten foe Illinois on Jan. 25. Nebraska won last season's matchup by an impressive score of 194-106.

The Huskers will conclude regular-season competition with Big Ten duals against Ohio State and Michigan on Jan. 31 and Feb. 1 in Columbus, Ohio. The matchup with the Buckeyes will mark the first time the two schools have ever faced each other in a dual meet.

After almost three weeks off from competition, Nebraska will travel to the 2014 Big Ten Championships in Minneapolis, Minn., Feb. 19-22. The squad will be looking to repeat the magic of last season's eight school records set at the meet.

Following the Big Ten Championships, the squad will compete in Minneapolis, Minn., three more times in the month of March. First, the Huskers will participate in an NCAA Last Chance Meet on March 2. Then, March 10-12, the Nebraska divers will take part in the NCAA Zone D Diving Meet. Finally, qualifiers for the 2014 NCAA Championships will head to Minnesota's University Aquatic Center for the season finale held March 20-22.

+ 2000 WAC Coach of the Year

Pablo Morales has seen steady improvement in the Nebraska swimming and diving program entering his 13th season as the head coach of the Huskers. Under his leadership, Nebraska hopes to continue to climb in its third season in the Big Ten Conference in 2013-14.

Nebraska completed its second season of Big Ten competition in 2012-13, finishing with a 12-3 record that included wins over Illinois, Northwestern and Iowa State. The Huskers set a school record for dual-meet victories in a season and tallied four more wins than Morales' previous career best of eight set in 2004-05. The squad also moved up two spots at the 2013 Big Ten Championships, breaking eight school records and sending its first swimmer to the NCAA Championships in six years.

Nebraska's increased competitiveness in the pool is a far cry from the starting point of the Husker program when Morales took over the job in 2001. In his first season at NU, the Huskers went winless in 2001-02 (0-3) with a depleted roster.

Three years later, NU raced to an 8-1 dual record in 2004-05 and became the first Husker swimming and diving team in school history to win eight consecutive meets. Most importantly, Morales led the Huskers out of the bottom of the Big 12 with a fourth-place finish in 2004 and a third-place showing in 2005. Nebraska has continued to pursue a climb in conference prominence as it has transitioned to the Big Ten.

The Huskers hope to regain the national prowess they enjoyed in the 1990s, when they captured five Big Eight and Big 12 titles from 1994 to 1999.

A 1987 graduate of Stanford University, Morales is one of the greatest male swimmers in U.S. history, winning an NCAA-record 11 individual titles. He also helped lead the Cardinal to three consecutive NCAA titles and four Pac-10 titles, while twice earning Pac-10 Swimmer-of-the-Year honors and garnering six Pac-10 titles himself.

Morales remains the all-time leading scorer at the NCAA Championships, amassing 235 points. Morales was also the recipient of the 1987 Al Masters Award, which is Stanford's highest award for athletic performance, leadership and academic performance. He was the first male swimmer to win the award, and remains one of two to have accomplished that feat. Morales holds the Stanford record in the 200-yard butterfly (1:42.60) and held the school record in the 100-yard fly (46.25) until it was broken in 1998 by Sabir Muhammad (46.18).

While at Stanford, Morales was awarded the J.E. Sterling Award, which is presented to a student-athlete based on scholarship, leadership and community service. In addition, he served as the director of the Stanford Volunteers for Youth Program. Morales also found time to become a mainstay on the campus newspaper as the beat writer for the women's basketball team.

A CoSIDA Academic All-America selection in 1987, Morales earned a law degree from Cornell in June of 1994, despite taking two years off from law school to train and compete at the Olympics.

An Olympic swimmer, Morales won three gold and two silver medals in the 1984 and 1992 Games, serving as a team captain for the 1992 squad. Following the 1992 Games, in which he returned to the pool after a three-year layoff to capture a gold medal in the 100-meter butterfly, Morales was named the U.S. Olympic Committee's Sportsman of the Year. He held the U.S. Open and NCAA record in the 100-yard fly with a time of 46.26, which stood for 13 years before being broken at the 1999 NCAA Championships.

Among Morales' greatest swimming accomplishments in the pool is holding the world record in the 100-meter butterfly with a time of 52.84 from 1986 until 1995.

Morales' legend in the Olympic Games lives on today, as the Nebraska coach served on the bid committee for the 2008 U.S. Olympic swimming trials that took place in Omaha. Morales had the chance to see the selection process and serve a role in the decision that gave Nebraska its first Olympic event in state history.

The Swimming Trials were a resounding success, and Omaha proved to be a worthy host for the event. The attendance at the Qwest Center Omaha broke records for the largest swimming meet ever held in the United States. Nine world and 21 American records were broken in the eight-day meet, and nearly half of the competitors set personal lifetime bests in ideal swimming conditions inside the arena.

USA Swimming once again chose Omaha to be the site of the 2012 Swim Trials, as the CenturyLink Center was the focus of the entire nation in preparation for the 2012 London Games.

Before coming to Nebraska, Morales served as the head women's swimming coach at San Jose State University. He held the reins as head coach from 1998 until being named coach at Nebraska in July of 2001. Morales rejuvenated a Spartan program that was near the bottom of the Western Athletic Conference. He was named the 2000 WAC Coach of the Year for his efforts.

While at San Jose State, Morales rebuilt a program and took the Spartans to the NCAA Championships after a 14-year absence. During his tenure, Morales produced six academic All-WAC swimmers. At the 2001 WAC Championships, five Spartans set school records under Morales' supervision, and three met NCAA qualification times. Seven others swam times that placed among the top three in school history.

Before his stint at SJSU, Morales served as an assistant coach at his alma mater, Stanford, during the 1997-98 season, helping lead the squad to the NCAA team title.

Morales also served as a graduate assistant at Cornell while pursuing his law degree. While at Cornell, Morales prepared and coached daily workouts for swimmers and assisted in recruiting. Morales has assisted in coaching with the San Jose Aquatics club group, as well as serving as head coach of the Stanford Masters Swim Team.

For Morales, the opportunity to coach at Nebraska was a welcome challenge.

"As a coach, taking over the responsibilities at Nebraska represents a great opportunity to take a program with success and use the resources that only Nebraska can offer, the support from the athletic department, the University, the Lincoln area and the

state, to take the program to a higher level," Morales said after he was hired. "Our goal is to take this program to the elite national level."

A powerful motivator, Morales hopes to keep his swimmers on the top of their games in and out of the pool, as Nebraska has established itself among the nation's best in academic support and athletics. Over the past five seasons, nearly 80 percent of Morales' student-athletes have been named to the conference or Nebraska Scholar-Athlete Honor Roll each semester.

"I want our swimmers to achieve their goals of faster times and lifetime bests," Morales said. "I want them to have the best season that they have ever had, and I also want us to establish a team atmosphere and build an excitement toward Husker swimming and diving."

Morales said he enjoys the challenge of competing in the Big Ten, one of the premier swimming and diving conferences in the country. The Huskers are set to face four Big Ten teams in duals in 2013-14, while facing several more at the Hawkeye Invitational in December.

Former Stanford Head Coach Skip Kenny, who coached Morales at Stanford and also with Team USA, spoke highly of his former pupil.

"He's one of the most honest people that you will meet," Kenny said. "You will always get the truth out of him. He's very dedicated to the sport of swimming and to his athletes."

Kenny also recognized Morales' charisma.

"As soon as the swimmers spend a few days or weeks with him," Kenny said, "they will see how much he cares about them and the sport of swimming."

Morales also received a vote of confidence that he will be able to turn Nebraska into a national title contender.

"He brings a high level of experience to build up the team," Kenny said. "He's been there and done that as far as swimming is concerned. I honestly believe that he is a better coach than he was a swimmer, and that is saying a lot since he was one of the best swimmers in the world. He has done things with kids that I thought I would never see. If there is a female swimmer out there that wants to be the best in the world, I'd send her to swim for Pablo."

Morales' experience as both an NCAA and international swimmer as well as a club and collegiate coach helps him in coaching and recruiting.

"In my experiences, I have been fortunate to have had a long career as a competitor. I was able to train with coaches who I think are some of the best in the world," Morales said. "I have learned from them, and I have learned from myself. I believe that all of my experiences have prepared me for coaching. I have a good feel for the contours of teams that are successful. I know how they practice, train and compete."

In July of 2012, Morales named Patrick Rowan as an assistant coach. A Nebraska native with a long-time association with the Husker program, Rowan spent five years at Missouri before returning to Lincoln. In his five seasons in Columbia, Rowan helped MU climb from 38th at the 2008 NCAA Championships to 14th in the final national standings in 2012. He also played a major role in bringing multiple top-20 recruiting classes to Missouri.

"We were very excited to have Patrick come back to Nebraska," Morales said. "He brings extensive and successful coaching and recruiting experience at the collegiate level. Patrick has a tremendous work ethic and an unmatched passion for Nebraska. He has made an immediate impact on this program and will play a key role in helping us achieve our Big Ten Conference and NCAA goals."

In his first season with the Huskers, Rowan immediately showed his worth, coaching the Nebraska sprinters to four school-record relay times at the 2013 Big Ten Championships. He also coached Taryn Collura to a school record in the 50-yard freestyle and a trip to the NCAA Championships in Indianapolis.

Morales named former Olympian Natasha Chikina as the head diving coach in June of 2005. Through eight seasons, she has guided Husker divers to 24 NCAA Zone appearances.

"She brings outstanding technical expertise combined with a tremendous coaching demeanor that yields fabulous results at the Division I level," Morales said. "She is the perfect fit to build on the success of her predecessors here at Nebraska and be part of our development into a championship-level program."

> "My job is to instill confidence in a swimmer and teach her to expect a higher level of performance from herself. I want each swimmer to open her mind to what is possible. I want her to strive to exceed what she has done in the past each and every day. I want her to expect that more is possible."

A gifted and noted public speaker and lecturer, Morales was a contributing author to The Swim Coaching Bible, published in 2001. In April of 2007, he was chosen as the U.S. Swimming Diversity Select Camp Head Coach, a four-day camp at the Olympic Training Center in Colorado Springs, Colo. Aside from in-pool training, Morales also led motivational and educational sessions and team-building activities for boys and girls from all over the nation. These children were a part of an ethnically under-represented population that is less than 20 percent of the current USA Swimming membership.

Patrick Rowan

Assistant Coach | Second Season

Patrick Rowan, a former volunteer assistant for the Huskers and a long-time coach in the Nebraska Aquatics program, rejoined the Nebraska staff in 2012 after spending five years at Missouri. As an assistant for the Tigers, Rowan helped build the program into one of the nation's top 15 programs.

"We are very excited to have Patrick come back to Nebraska," Morales said. "He brings extensive and successful coaching and recruiting experience at the collegiate level. Patrick has a tremendous work ethic and an unmatched passion for Nebraska. He will make an immediate impact on this program and play a key role in helping us achieve our Big Ten Conference and NCAA goals."

In 2012-13, Rowan's first season with the Huskers, he helped coach the squad to a school-record 12 dual-meet victories. As Nebraska's primary sprint freestyle coach, Rowan saw the 200- and 400-yard freestyle relay teams swim school-record times at the 2013 Big Ten Championships. Also under Rowan, Taryn Collura swam a school record in the 50-yard freestyle and became the first Husker to qualify for the NCAA Championships in six years.

A Nebraska native, Rowan helped orchestrate a steady rise into national prominence at Missouri. In his first season at MU, the Lincoln Southeast High School graduate helped the Tiger women's team finish 38th at the 2008 NCAA Championships. After a 28th-place showing in 2009, the Tigers climbed to 23rd in 2011 before finishing 14th at the 2012 NCAA meet.

Rowan served as the power sprints coach while also working with the middle distance group at Missouri. He was the recruiting coordinator for the Tiger men's program while assisting with recruiting for the women's team. The Tiger men's program's 2011 recruiting class was ranked seventh nationally by collegeswimming.com, while the women's class was ranked 18th in the country. He also served as the director of the Mizzou Swim Camp and coached the Mizzou Swim Team (USA Swimming Club).

Before heading to Missouri, Rowan served as a volunteer assistant on Morales' Husker staff in 2006-07. Rowan assisted primarily with Nebraska's breaststroke and individual medley swimmers.

From 2002 until 2007, Rowan served as the head coach and general manager of the Nebraska Aquatics swim team, where he was the primary coach of the high school and collegiate swimmers. He also served as an age group coach for swimmers from ages 6 to 24 for Nebraska Aquatics from 2000 to 2002.

From 2003 to 2007, he served as the age group chairman for the Midwestern Swimming Executive Board. He was named Midwestern Swimming Coach of the Year in 2006-07, after being named its Age Group Coach of the Year in 2004-05.

A competitive swimmer from 1985 to 2001, Rowan swam collegiately at Eastern Michigan, helping EMU to a pair of Mid-American Conference championship teams. Individually, he was a 12-time finalist at the MAC Championships for the Eagles.

As a prep swimmer at Lincoln Southeast, Rowan was a two-time Nebraska Class A state champion and a member of a state championship team for the Knights. He was also a team captain and a seven-time Junior National qualifier.

Rowan, who earned his bachelor's degree in psychology from Eastern Michigan in 2000, received his master's degree in education with an emphasis in school and counseling psychology/sport psychology from Missouri in 2009. He is currently pursuing a Ph.D. with a similar emphasis in sport psychology.

Natasha Chikina

Diving Coach | Ninth Season

Former Olympian Natasha Chikina (chick-EE-nuh) is entering her ninth season as Nebraska's head diving coach following a successful diving career at the University of Southern California and competition at two summer Olympic Games.

Chikina has proven herself worthy of her position by leading Husker divers to 24 NCAA Zone diving meet appearances in the past eight years. Senior Payton Michaud and sophomore Nicole Schwery return this season after qualifying for the meet in 2012-13, while senior Kaitlan Walker returns to the NU diving corps after qualifying in 2011-12.

With Chikina's own success on the boards, she will look to utilize her experience in the sport of diving and continue to lead a talented Husker diving squad toward the top of the conference and NCAA Championship berths.

"As a coach, my job is to recognize the highest potential of each diver," Chikina said. "I want to make them believe in themselves by creating a positive and goal-setting environment. With hard work, discipline and encouragement, I want to bring every one of them to their highest level of performance."

Chikina, a native of Kazakhstan, competed at the Atlanta (1996) and Sydney (2000) Summer Olympic Games. Chikina finished 15th at the Atlanta Games, before capturing a ninth-place finish on the 10-meter platform in Sydney. Between competitions, Chikina placed fourth at the 1998 NCAA Championships for the University of Southern California, where she earned NCAA All-America honors in 1997 and 1998. She was also the Pac-10 champion on the three-meter springboard in 1997 and 1998.

Chikina competed at the Goodwill Games (1994), the World Championships (1994-96) and the FINA Grand Prix (2000), placing as high as third in both the World Championships and FINA Grand Prix.

Following her diving career as an athlete, Chikina immediately began her quest to become a head diving coach. She was the assistant coach of the Trojan Diving Club from 1998 to 2001, coaching two Junior Olympic national champions, and the assistant diving coach at her alma mater, USC, in 1998-99, helping coach future Olympians Troy Dumais and Dorte Linder.

From 2001 to 2005, Chikina served as the assistant head coach at the U.S. Diving Regional Training Center where she took on many responsibilities. Primarily, she coached a two-time Oklahoma state high school champion, two Junior Olympic National Team members and four Junior Olympic National qualifiers. Among her other responsibilities, Chikina scouted, recruited and judged competitions up to the national level. She also scheduled team trips, camps and programs. Chikina coached at the 2003 U.S. Diving National Training Camp, instructing junior national-level athletes in the spotting belt, trampoline and dryboard.

Chikina earned her bachelor's degree in social science and communications from USC in 1999, after completing her physical education and coaching degree from the Kazakh Institute of Physical Education in Almaty, Kazakhstan, in 1996.

Natasha and her husband, Kris, moved to Lincoln in the summer of 2005. Kris served as a volunteer assistant for the Husker diving team in 2005-06 and is now coaching for the Nebraska Diving Club. The couple has two daughters, Katerina, born in December 2005, and Sophia Alexandra, born in October 2010.

Shawn Eichorst

Athletic Director | First Year

ADMINISTRATIVE EXPERIENCE

Nebraska, Athletic Director (2013-present)
Miami, Director of Athletics (2011-12)
Wisconsin, Deputy Athletic Director (2009-11)
Wisconsin, Executive Associate Athletic Director (2007-09)
Wisconsin, Senior Associate Athletic Director (2006-07)
South Carolina, Senior Associate Athletic Director (2004-06)
Wisconsin-Whitewater, Director of Athletics (1999-2003)

EDUCATIONAL LEADER

Marquette, J.D. (1995)
Wisconsin-Whitewater, B.B.A. (1990)

Shawn Eichorst was named the 14th Director of Athletics of the University of Nebraska by Chancellor Harvey Perlman on October 4, 2012. Eichorst leads a tradition-rich athletic program of 24 varsity athletic teams, 600-plus student-athletes and more than 275 full-time employees. Eichorst succeeded legendary Nebraska football coach and Athletic Director Tom Osborne and officially assumed his duties on January 3rd, 2013.

"I am honored to have the opportunity to join the University of Nebraska family," Eichorst said. "Nebraska is an outstanding academic institution with one of the strongest athletic departments in all of college sports," Eichorst said. "Most importantly, everyone here is committed to keeping the welfare of our student-athletes at the heart of everything we do. I am humbled by the responsibility and opportunities that lie ahead and will work diligently to carry on the rich tradition of Husker excellence set forth by Coach Osborne and so many others."

Nebraska Chancellor Harvey Perlman said it was Eichorst's commitment to putting student-athletes first that made Eichorst stand out.

"When I asked him how I would be able to measure his success if he were here five years from now," Perlman said, "his response was that if the coaches and student-athletes had been successful and nobody knows his name, it would be a success."

Although his preference is to serve and lead diligently from the background, Eichorst has already canvassed the state promoting Husker Athletics and Nebraska's tremendously talented student-athletes making more than 70 appearances across Nebraska and visiting eight other states in just his first seven months. Eichorst emphasizes academics first and is proud to acknowledge Nebraska's nation-leading 307 Academic All-Americans, including eight who earned the honor in 2012-13. In fact, he has invited all of the academic honor winners back to campus for a reunion in November. He has met with each college dean on campus and uses his monthly radio show and his Connecting on Campus column to promote campus, coach and student-athlete academic and community successes. More than 200 Husker student-athletes were honored at the academic recognition banquet this spring while 138 were named Academic All-Big Ten in 2012-13.

During Eichorst's first semester at Nebraska in the spring of 2013, women's bowling, coached by legend Bill Straub, won a national title and Rhonda Revelle's softball team advanced to the College Softball World Series.

The women's basketball team, coached by Connie Yori, completed a run to the Sweet 16 for the second time in program history and the women's tennis team, coached by Scott Jacobson, made an appearance in the Sweet 16 for the first time in program history and earned a share of the Big Ten title. Tennis player Mary Weatherholt finished runner-up at the NCAA Individual Championship, the highest-ever finish for a Nebraska tennis player.

In addition to women's tennis, two other Nebraska teams added Big Ten titles in the spring of 2013, as the women's gymnastics team, coached by Dan Kendig, won its second-straight Big Ten title and third-straight conference title overall. The men's track and field team, coached by Gary Pepin, claimed the outdoor team title.

This fall, three facility projects will be completed: Memorial Stadium, which expands to accommodate more than 90,000 football fans and will include the Nebraska Athletic Performance Laboratory (NAPL) and the Center for Brian, Biology and Behavior (CB3) research facilities; Pinnacle Bank Arena in downtown Lincoln, where the Husker men's and women's basketball teams will be permanent tenants; and the renovated Bob Devaney Sports Center, where volleyball, men's and women's gymnastics and the wrestling team will now compete. Construction for each of these three facilities began with Coach Osborne at the helm. Athletic Director Emeritus Osborne continues to provide Eichorst with counsel on a number of items including the East Stadium research initiatives. The collaborative research that will take place within an athletic facility shared by academics and athletics is believed to be the first of its kind and sets the tone for the leadership role Nebraska has taken in the Big Ten Conference and nationally.

Eichorst came to Nebraska after spending 18 months as the Director of Athletics at the University of Miami. He was named the 12th Director of Athletics at Miami on April 12, 2011 and served until October 4, 2012 when he was hired by Nebraska as a Special Assistant to Chancellor Perlman.

In his first year as Director of Athletics at Miami, Eichorst helped grow the academic reputation as well as the fan base. Under his watchful eye, the Hurricane Club grew by more than 500 members, surpassing 5,000 members nationwide. More than $19 million in student-athlete support was generated in 2011-12 and an additional $14.2 million in capital gifts was raised toward the new Center for Athletic Excellence facility, scheduled for completion in the fall of 2013.

During his tenure, both the Hurricane men's and women's basketball programs advanced to the postseason, with the women posting the highest national ranking in school history at No. 5, advancing to the NCAA Second Round. The women's tennis team advanced to the NCAA quarterfinals for the fourth straight season and the baseball program extended its NCAA postseason appearances streak to 40 consecutive seasons. The women's soccer team posted the first NCAA postseason win in program history, while the volleyball team advanced to the NCAA postseason for the third straight year and finished the season ranked 15th in the nation.

Before his appointment at Miami, Eichorst served from 2009 to 2011 as the Deputy Athletics Director at the University of Wisconsin, where his responsibilities under Director of Athletics Barry Alvarez included serving as the department's Chief Operating Officer and overseeing the day-to-day operations of the highly successful athletics program. At Wisconsin, Eichorst was involved in the design and planning of a new ice hockey and swimming facility completed in the fall of 2012, as well as with the Student-Athlete Performance Center in the north end zone of Camp Randall Stadium. He joined the Badgers' staff in 2006 as a Senior Associate Athletics Director and was promoted to Executive Associate Athletics Director in 2007.

Eichorst has experience with three BCS conference institutions previously serving as University of South Carolina's Senior Associate Athletics Director for Administration from 2004 to 2006. With the Gamecocks, Eichorst oversaw daily operations of the department and supervised the football and baseball programs. The football team was bowl-eligible each year during Eichorst's tenure, and the baseball program competed in the 2004 College World Series. Additionally, he coordinated and supervised multi-million dollar facility projects, including a state-of-the-art football training facility.

Eichorst served as the Director of Athletics at his alma mater, University of Wisconsin-Whitewater until 2003. Under his tenure, UW-Whitewater developed into one of the nation's top Division III athletic programs, with four top 10 percent National Association of Collegiate Directors of Athletics (NACDA) Directors Cup finishes; one NCAA team championship; two NCAA team runner-up finishes and five individual national champions. The program also featured 38 Academic All-America selections, seven NCAA Postgraduate Scholarship winners and 74 All-Americans.

A native of Lone Rock, Wis., Eichorst was an all-conference defensive back, a three-time letterwinner and 1990 team captain for the University of Wisconsin-Whitewater football team. He graduated magna cum laude in business from UW-Whitewater in 1990 and earned a law degree from Marquette University in 1995. He practiced law in Milwaukee before accepting the position at Wisconsin-Whitewater.

He is a past member of the NCAA Division I Student-Athlete Reinstatement Committee and State Bar of Wisconsin Board of Governors. He also previously served as an assistant adjunct professor of law at Marquette University Law School, where he taught classes in sports law. He currently serves on the Marquette University National Sports Law Institute Board of Advisors.

In 2006, he was awarded the Sports Law Alumnus of the Year by Marquette. He also is a graduate of the Sports Management Institute and serves on its Executive Committee.

Eichorst and his wife Kristin have three sons: Jack, Joseph and Bennett.

THE BIG TEN CONFERENCE

James E. Delany
Commissioner

Since its inception in 1896, the pursuit and attainment of academic excellence has been a priority for every Big Ten member institution. But maintaining the conference's status as one of the preeminent athletic conferences in the country also endures as an important component of the Big Ten student-athlete experience. Striking that balance between academics and athletics is integral to the Big Ten's identity, and the Big Ten's "Honoring Legends. Building Leaders." campaign links directly to the Big Ten mission. Recognized as one of intercollegiate sports' most successful undertakings, the Big Ten strives for success from its student-athletes not only on the field and in the classroom, but around the world as well.

ACADEMICS

All Big Ten universities have been granted Tier One Status by the Carnegie Foundation for the Advancement of Teaching, a distinction awarded to just over 100 universities. Big Ten schools have produced more than 1,450 Academic All-Americans, more than any other conference, including 46 in the last academic year. For the 2011 fiscal year, the Big Ten led all conferences with over $8 billion in research expenditures, more than $2 billion more than any other conference.

SUCCESSFUL PROGRAMS

During the 2011-12 season, the Big Ten claimed seven team national championships, including titles for Illinois men's gymnastics, Minnesota women's ice hockey, Northwestern women's lacrosse, Ohio State fencing and synchronized swimming, Penn State wrestling and Wisconsin men's cross country.

The Big Ten led all conferences with national titles in 12 different NCAA-sponsored championships from 2002-03 to 2011-12. Over that time period, the Big Ten produced championships in cross country, fencing, golf, gymnastics, ice hockey, lacrosse, soccer, softball, tennis, track and field, volleyball and wrestling.

STUDENT-ATHLETE OPPORTUNITIES

Big Ten universities provide over $136 million in direct financial aid to nearly 10,000 student-athletes, more than any conference.

The Big Ten sponsors 25 official conference sports, 12 for men and 13 for women. The 26th conference sport, men's ice hockey, will begin in 2013.

TELEVISION EXPOSURE

Through the Big Ten's media agreements with CBS Sports, ABC/ESPN, FOX and the Big Ten Network (BTN), nearly 1,000 Big Ten events are produced and distributed nationally on an annual basis. In 2006, the Big Ten created BTN, the first national conference-owned television network. With more than 53 million subscribers in the United States and Canada – and more outside the Big Ten region than inside – BTN allows fans to see their teams compete regardless of where they live.

ATTENDANCE

The Big Ten leads all conferences with nearly five million alumni and more than 460,000 students. Big Ten fans are some of the nation's most supportive, with nearly 9.8 million patrons attending conference home contests during the 2012-13 seasons for football, men's and women's basketball and volleyball alone.

HONORING LEGENDS. BUILDING LEADERS.

The mission of the Big Ten Conference has always been to excel athletically without compromising the priority our member institutions assign to their academic standards and to their commitment to student academic success. We seek to celebrate the many accomplishments of Big Ten student-athletes while continuously reinforcing each of our member institutions' high academic standards. Striking that important balance between academics and athletics is integral to the Big Ten's identity, and the Big Ten's "Honoring Legends. Building Leaders." campaign links directly to the Big Ten mission.

The separate diving well features a pair of one- and three-meter boards, as well as 1-, 5-, 7.5- and 10-meter platforms. It includes 1,346 permanent seats and 1,200 temporary bleachers. The Big Ten Championships are scheduled to run Feb. 19-22, 2014.

HISTORY

RECORDS FALL AS HUSKERS SHINE IN 2012-13

The Husker swimming and diving team showed tremendous improvement in 2012-13, posting eight school-record times en route to a school-record 12 dual meet victories. The squad moved up two spots from an 11th-place finish at the 2012 Big Ten Championships and scored more than twice as many points, finishing ninth.

In addition, Nebraska sent its first swimmer to the NCAA Championships in six years, with Taryn Collura competing in both the 50- and 100-yard freestyles in Indianapolis. The sophomore from Phoenix, Ariz., placed 33rd and 56th, respectively, swimming the sprint freestyles for first-year assistant coach Pat Rowan.

Three Husker divers also competed beyond the Big Ten Championships, as Amy Herman, Payton Michaud and Nicole Schwery represented Nebraska at the NCAA Zone D Diving Meet in Houston, Texas. Herman (485.55) and Schwery (450.95) led the way in the platform diving competition, finishing eighth and 11th, respectively. The only Husker to make the finals of the three-meter dive, Herman placed 16th with a total score of 567.30. Michaud's best performance came in the three meter as well, as she took 28th with a score of 261.80.

While a handful of individuals were able to advance past the conference meet, the entire team's season efforts were on display at the Big Ten Championships in Minneapolis, Minn.

The Huskers got things started with a school-record 1:39.13 in the 200-yard medley relay. The team of Hayley Martin, Shannon Guy, Taryn Collura and Ariel Weech beat the record set in 2011 by nearly two full seconds, placing seventh. The same relay team of Martin, Guy, Collura and Weech also set school records in the 200- (1:30.11) and 400-yard freestyle relays (3:18.10), finishing fifth and fourth, respectively.

In the 400-yard medley relay, a slightly different team of Martin, Guy, Weech and Ashley Reiter set the Huskers' fourth school-record relay time of the meet, finishing seventh in 3:39.36. The senior-laden squad beat the record of 3:40.65 that had stood for 18 years.

The Huskers' four relay records were complemented by outstanding individual performances that produced four school records of their own.

Hayley Martin set a school record in the 100-yard backstroke with a time of 53.81 at the 2013 Big Ten Championships.

Collura swam a time of 22.46 in the 50-yard freestyle and finished sixth. Her preliminary time of 22.42 was a new school record that beat the time of 22.58 set by Olympic medalist Therese Alshammar in 1999 and qualified Collura for the NCAA Championships. The sophomore added a 13th-place finish in the 100-yard freestyle (49.45) and a 20th-place finish in the 100-yard butterfly (55.11), both career-best times.

Guy excelled for the Huskers on day three at the Big Ten Championships, taking fifth in the 100-yard butterfly with a time of 53.30. Her fifth-place finish was the highest ever for a Husker at the Big Ten meet. Earlier in the day, Guy beat her previous career-best time of 54.23 by a full second, setting a school record in the event with a time of 53.23 in the preliminaries.

Martin finished off an incredible senior season and four-year career with a school-record 53.81 in the 100-yard backstroke preliminaries. Martin broke her own record of 54.25, which she set in December at the Iowa Invitational, and finished 11th with a finals time of 54.55. In her other individual event, Martin took 15th in the 100-yard freestyle with a time of 49.97, setting a career best of 49.79 in the preliminaries.

Senior Ellan Dufour was the fourth and final record-setter for the Huskers at the Big Ten Championships, setting a school record in the 200-yard backstroke with her 17th-place time of 1:57.23. Dufour broke Jane Glazebrook's record of 1:57.99 that was set in 1998. In the 100-yard backstroke, Dufour finished 18th with a career-best time of 55.61 that put her second on the all-time list behind Martin.

Weech also contributed a strong showing at the meet, finishing sixth in the 100-yard freestyle (49.13) and 12th in the 50-yard freestyle (22.86). Weech's times put her fourth and second on the all-time Nebraska lists for the two events, respectively.

Other team season bests set at the Big Ten Championships came from Natalie Morris in the 200-yard butterfly (2:00.74) and Katie Davis in the 200 IM (2:03.27) and 400 IM (4:21.77).

Nebraska's postseason accomplishments were the culmination of an all-around successful season that began with the Scarlet and Cream intrasquad meet five months earlier at the Devaney Center on Sept. 28. The next day the Huskers returned to the pool for the annual Alumni Meet, with alumni Mike Irvin, Bobbi Balogh, and Liz Hefly competing against the current squad.

Nebraska kicked off the 2012-13 season in Grand Forks, N.D., with a pair of victories over both St. Cloud State and North Dakota Oct. 12-13. The Huskers handled the Blizzard 154-78 and 185-39, and defeated UND by scores of 135-97 and 160-64 to race out to a 4-0 season start.

Martin led the way in the pool with wins in the 100-yard backstroke (57.06) and 200-yard freestyle (1:51.99), while Michaud was the standout in the diving well, earning victories in both the one-meter and three-meter dives (280.60, 293.60).

Collura (50 free), Weech (100 free), Morris (100 fly) and Kristin Strecker (100 breast) also added wins for the Huskers.

The next weekend saw the squad travel to Nebraska-Omaha on Oct. 19 and turn around to host the Mavericks on Oct. 20. The Huskers came out on top by respective scores of 154-83 and 154-81 to add to their hot start.

Eight Huskers won individual events in Omaha, with Michaud the only multi-event winner (one-meter and three-meter dives). Martin, Weech, Dufour, Morris, Bailey Pons, Katt Sickle and Morgan Flannigan added wins to Nebraska's 400-yard medley relay and 200-yard freestyle relay victories, as Nebraska rolled past the Mavericks.

The dual in Lincoln ended in similar fashion, with the Huskers winning all 13 events on the day. Juniors Guy and Bailey Pons led the squad, each winning two events for Nebraska. Guy was victorious in the 100 breast (1:05.82) and 100 fly (57.57), while Pons took first place in the 500 free (5:01.96) and 1,650 free (17:22.10).

Weech, Davis, Flannigan, Dufour, Herman, Michaud and Kelly Dunn added individual event crowns for the dominant Huskers.

The following weekend, the squad traveled to Ames, Iowa, to face Iowa State and South Dakota. The Huskers cruised to 176.5-122.5 and 240-59 victories over the Cyclones and Coyotes to improve to 8-0 on the season.

Pons led the Huskers with wins in the 200-yard (1:53.56), 500-yard (5:00.71) and 1,000-yard freestyles (10:17.18). Martin also had a huge day, winning the 100 back and 100 free in respective times

Senior Ellan Dufour set a school record in the 200-yard backstroke (1:57.23) at February's Big Ten Championships in Minneapolis, Minn.

of 57.02 and 51.20 and helping the 200-yard medley and 400-yard freestyle relay teams to victory.

Guy (100 fly), Michaud (one-meter dive) and Harmon (three-meter dive) were the other Husker event winners on the day.

After a week off from competition, the Huskers returned to the pool on Nov. 9 and swam past the South Dakota State Jackrabbits 177-106 in Brookings, S.D. With the win, Nebraska improved to 9-0 on the season and 9-0 all-time against SDSU.

Eleven Huskers won individual events in a complete team effort against the Jackrabbits. Martin (200 back and 200 free) and Sickle (200 IM and 500 free) were the only multi-event winners, adding to victories by Pons, Reiter, Morris, Collura, Michaud, Strecker, Guy, Bria Deveaux and Kailey Harmon.

The next day, the Huskers returned home to host Northern Iowa on Nov. 10. With a 155-82 win over the Panthers, Nebraska reached 10-0 on the season, the best start in school history.

Once again, the squad got contributions from a number of athletes, as nine Huskers combined to win all 11 of the meet's individual titles. Notably, Pons won the 200 free (1:53.27) and 500 free (4:59.71), while Michaud was victorious in both the one-meter dive (297.60) and three-meter dive (302.63).

The Huskers won both the 400-yard medley relay and 400-yard freestyle relay to sweep the meet's 13 events, adding to the individual crowns of Martin, Morris, Collura, Davis, Dufour, Flannigan and Katie Ditter.

After a fantastic run of dual meet victories, the Husker swimmers and divers split up and traveled to their first invites the following weekend. The divers headed south to Houston, Texas, for the Phill Hansel Invite Nov. 15-17, while the swimmers made the trip to Topeka, Kan., for the Kansas Classic held Nov. 16-18.

The Husker divers got a spark from Schwery, who posted an eighth-place finish in the platform dive with a score of 230.00. Herman added an 11th-place finish in the event to her 12th-place finish in the one meter, leading Nebraska to an overall 14th-place finish without the help of the Husker swimmers.

At the Kansas Classic, the Nebraska swimmers took third place with a cumulative score of 674 points. Notre Dame (976.5) and Kansas (853.5) placed first and second, respectively, out of the six teams in attendance.

Pons led the way again, winning the 500-yard (4:53.75) and 1,650-yard (16:48.88) freestyles. Her time in the 1,650 free was a meet record.

Weech added a victory in the 100 free and a second-place finish in the 50 free with respective times of 51.31 and 23.63.

Martin contributed two second-place finishes (200 free and 100 back), one third-place finish (50 free), one fourth-place finish (200 back), one seventh-place finish (100 free), and helped the 200-yard freestyle relay team to victory in an all-around impressive invite performance.

Two weeks later, the entire Husker swimming and diving squad traveled to Iowa City, Iowa, for the Iowa Invitational Nov. 30-Dec. 2. After a three-day stretch of season-best times, Nebraska took second, overall with a total score of 670 points. The squad finished ahead of Big Ten rivals Iowa (559.5) and Northwestern (472.5), but behind first-place Michigan (876.5).

The Huskers got off to a fast start, winning their only event of the meet by finishing the opening 200-yard freestyle relay in 1:31.07. The team of Weech, Martin, Guy and Collura edged out Michigan and finished one hundredth of a second off the then-school-record of 1:31:06.

Pons had her best meet of the year, setting career-best times in the 200-yard (1:49.39) and 500-yard (4:48.32) freestyles. The junior finished second and third in the two events, respectively, adding to her fourth-place finish in the 1,650 free in which she swam a season-best 16:38.50.

Martin swam career-best times in the 50 free (23.07), 200 free (1:48.77), and 200 back (2:02.52) to continue her impressive senior season. Overall, Martin had four top-six finishes on the weekend, including two third-place finishes and a then-school-record time of 54.25 in the 100-yard backstroke.

Weech finished second in the 100 free (49.75) and sixth in the 50 free (23.17), while Collura took fourth (49.98) and fifth (23.15) in the respective events. Guy added a fourth-place finish in the 100 fly (54.42).

In the diving well, the Huskers got another strong performance from Herman. The senior finished second in the platform dive (266.55) and fourth in the three-meter dive (311.75), both career-best scores. Michaud also set a career best in the three-meter dive, taking third with a score of 322.05.

Following a month off from competition, Nebraska returned to the pool on Jan. 4 for a holiday training scrimmage against Washington State in Coronado, Calif. A 45-39 relay meet win gave the Huskers confidence heading into their final home meet of the season against San Diego State on Jan. 19.

After a back-and-forth battle throughout the meet, the Aztecs seized control down the stretch and handed the Huskers a 158-142 loss, their first of the season. The meet also marked the final competition at the Devaney Natatorium for seniors Davis, Dufour, Harmon, Herman, Martin, Reiter, Weech, Kelsey Larson and Sara Weinberg.

Weech made the most of her senior day, winning both the 50- and 100-yard freestyles with respective times of 23.38 and 50.95. Collura also found success in the events, tying Weech for first in the 50 free and finishing second in the 100 free with a time of 51.01.

Other Husker winners on the day were Pons in the 1,000 free (10:06.52), Martin in the 200 free (1:50.48), Morris in the 200 fly (2:05.31) and Herman in the one-meter dive (296.32). Both Pons and Herman set career bests in their victories.

The next weekend saw Nebraska travel to Champaign, Ill., on Jan. 26 for its first conference dual of the season. After winning 12 of the meet's 16 events, the Huskers came away with a 194-106 victory over the Illini.

In the freestyle events, Pons took first in the 1,000 free (10:22.01) and 500 free (4:59.86), while Collura finished first in the 50 free (23.41) and 100 free (51.03). Guy added victories in the 100 breast and 100 fly with respective times of 1:05.63 and 56.56.

Herman contributed wins in the one-meter (275.92) and three-meter (294.68) dives to become the fourth multi-event winner of the meet for the Huskers.

In the regular-season finale, the squad traveled to Evanston, Ill., for the Northwestern Invite held Feb. 1-2. The Huskers faced three Big Ten opponents, winning their dual meet against Northwestern by a score of 198-171, but falling to No. 15 Ohio State and Iowa by respective scores of 224-134 and 191-179.

Martin's success continued, as she took first place in the 100-yard backstroke with a time of 55.33. She added top-five finishes in the 200 free (third), 50 free (fourth) and 200 back (fourth).

Collura also continued to shine, winning the 100-yard freestyle in 50.56 and taking second in the 50-yard freestyle with a time of 23.34. The Huskers got two more runner-up finishes from the junior duo of Pons and Guy, with Pons finishing the 1,650 free in 17:03.95 and Guy completing the 100 fly in 56.22.

With the results, Nebraska finished the regular season with a dual meet record of 12-3, surpassing the previous season-best win total of eight for Head Coach Pablo Morales.

The Huskers complemented their record-setting season in the pool with a school-record 19 academic all-conference selections. Seniors Davis, Dufour, Harmon, Herman, Larson, Reiter and Weinberg were among those who received academic All-Big Ten honors. The award marked the third all-conference selections for Herman, Larson, Reiter and Weinberg.

Junior recipients Flannigan, Guy, Michaud, Pons, Strecker, Ashleigh Grammar, Mary Beth Rye and Megan Ziemann joined sophomores Dunn, Morris, Ciara Jenkins and Paige Theilen on the academic All-Big Ten squad.

The Huskers will look to this group for leadership in the pool and in the classroom over the next few seasons.

NEBRASKA'S GOLDEN PENNY

Penny Heyns

Amanzimtoti, South Africa
- Olympic Gold Medalist
- Olympic Bronze Medalist
- World Record Holder

It's not every day you run across a golden penny.

But for South Africans and Nebraskans alike, there was one shining bright at the 1996 Olympic Games in Atlanta.

Penny Heyns, a former University of Nebraska standout, earned two gold medals and became the first female in Olympic history to sweep the breaststroke events.

Heyns' whirlwind year of success began on the collegiate level. In Husker suit and cap at the 1996 Big Eight Championships in mid-February, Heyns set a then-NCAA and U.S. Open record in the 200-yard breaststroke (2:08.90), as well as an NU record in the 100-yard event (1:00.18) to help Nebraska win its third consecutive conference crown.

After setting the records, Heyns was forced to travel home for the South African Olympic Trials, which were inconveniently scheduled between the two most important collegiate meets, the conference and national championships.

Nevertheless, it proved to be a trip Heyns would never forget.

During the preliminary heat of the 100-meter breaststroke at the trials, Heyns set a world record with a time of 1:07.46.

The time broke the record held by Australia's Samantha Riley, who had set a mark of 1:07.69 in September, 1994.

Just days after her return from South Africa, Heyns became the first Husker to win a national championship at the NCAA Championships in Ann Arbor, Mich.

Heyns dominated the 100-yard breaststroke with a pool-record 1:00.27 and also earned a silver medal in the 200-yard breaststroke with a 2:09.71 performance.

Heyns then entered the Olympics as the frontrunner in the 100-meter breaststroke event. She proved she had earned that title in the preliminaries, as she blew away the competition and shattered her own world record in a clocking of 1:07.02 in the process.

In the finals, Heyns got off to a quick start, but didn't dominate as she had in the prelims. America's Amanda Beard began her trademark kick at the 50-meter mark and almost caught Heyns at the wall. Heyns held on to finish in 1:07.72 and edged Beard (1:08.09), to claim gold for the first time.

Two days later, Heyns proved she wasn't finished.

After setting an Olympic record of 2:26.63 in the preliminaries of the 200-meter breaststroke, Heyns was timed at 2:25.41 in the finals and again beat out Beard (2:25.75) for the gold. Beard entered the Olympics ranked No. 1 in the 200, but couldn't catch up with the quick pace Heyns set from the start.

"That was one of the hardest races I ever swam," Heyns said following the race. "I'm just glad I had the guts to hang in there."

At a press conference in Lincoln, Neb., the week following her gold medal performances, Heyns admitted she was surprised about the win in the 200.

"In some ways, I sit back, and I really can't believe it," Heyns said. "The 200 (win) was totally unexpected. I don't think it has sunk in yet."

An extremely successful career at Nebraska fine-tuned Heyns for Olympic success. A 15-time All-American and 14-time conference champion for the Huskers, Heyns left Nebraska as the most decorated swimmer in the program's history. Heyns' accomplishments at Nebraska and on the international level will always be recognized.

Heyns has continually showed her appreciation for the University of Nebraska and its athletic department.

Following her double gold medal performance, Heyns didn't waste any time in thanking the Nebraska Swimming and Diving Program and its support staff for the role they played in her Olympic success.
